

# Experiential Education Adventure Race

Experiential Education Adventure Race at Little Dixie was a HUGE success! With a total of 19 teams competing that left only three students who did not participate and they helped along the course.

The race consisted of canoeing across the lake and back, and a 3/4 mile foot race with stops along the way to solve logic puzzles. Solving the puzzles correctly earned reductions to a team's overall time where answering wrong would result in a penalty of time being added.

First place went to Team Nick/Benson, second place to Team Terrell/Scotty and third place went to Team AJ/Courtney.

The response from the students has been so popular, and the fact that they're 'demanding' (in a light hearted way) more, that we're planning another adventure style race in October.
